## Item 2. ACQUISITION OR DISPOSITION OF ASSETS

This Amendment No. 2 to Form 8-K/A (“Amendment No. 2”) amends the Current Report on Form 8-K dated July 12, 2002. On July 15, 2002, we filed a Form 8-K (the “Original Filing”) to report the acquisition of substantially all of the homebuilding and related assets of Hammonds Homes, Ltd., a Texas limited partnership, and Crystal City Land & Cattle, Ltd., a Texas limited partnership (collectively, “Hammonds Homes” or “Hammonds”). On September 11, 2002, we filed an amendment to the Form 8-K (“Amendment No. 1”) to include the financial statements of the business acquired, including unaudited pro forma combined financial statements giving effect to the acquisition of Hammonds. The unaudited pro forma combined statement of earnings for the year ended December 31, 2001 and the interim period ended June 30, 2002 contained in Item 7(b) of Amendment No. 1 inadvertently omitted the footnotes detailing the pro forma adjustments. We are filing this Amendment No. 2 to provide the omitted footnotes by amending and restating in its entirety the information contained in Item 7 of Amendment No. 1. No changes have been made to the financial statements of the business acquired contained in Item 7(a).

### FORWARD LOOKING STATEMENTS

Certain matters discussed in this current report are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements are based upon the current beliefs and expectations of our management and are subject to significant risks and uncertainties. Actual results may differ from those set forth in the forward-looking statements.

With respect to the Hammonds Homes acquisition, these uncertainties include: the risks that the businesses will not be integrated successfully; that Hammonds may not perform as well in the future as in previous years; that the market and financial synergies anticipated from the acquisition may not be fully realized or may take longer to realize than expected; that the acquisition will not be accretive to earnings within the time period estimated by us, or at all; that unanticipated expenses and liabilities may be incurred; and that the combined companies may lose key employees or suppliers.

In addition, our business is also subject to a number of risks and uncertainties including: the strength and competitive pricing environment of the single-family housing market; changes in the availability and pricing of residential mortgages; changes in the availability and pricing of real estate in the markets in which we operate; our level of indebtedness; demand for and acceptance of our homes; the success of planned marketing and promotional campaigns; the success of our program to integrate existing operations with our planned new operations or those of past or future acquisitions; our ability to raise additional capital; our success in locating and negotiating favorably with other possible acquisition candidates; recent legislative or other initiatives that seek to restrain growth in new housing construction or similar measures; the economic impact of foreign hostilities or military action; general economic slowdowns; and other factors identified in documents filed by us with the Securities and Exchange Commission, including those set forth in Meritage’s Form 10-K Report for the year ended December 31, 2001 under the captions “Market for the Registrant’s Common Stock and Related Stockholder Matters—Factors that May Affect Future Stock Performance” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations of the Company—Factors that May Affect Our Future Results and Financial Condition” and in Exhibit 99.4 of Meritage’s Form 10-Q for the quarter ended June 30, 2002. As a result of these and other factors, Meritage’s stock and note prices may fluctuate dramatically.

HAMMONDS HOMES, LTD. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

NOTE A — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Consolidation — The consolidated financial statements include the accounts of Hammonds Homes, Ltd. (the Company), and its wholly-owned subsidiaries, R. H. Development Company, Inc., and R. H. Development/Park West CC, Inc. for the year ended December 31, 2000. All intercompany accounts and transactions have been eliminated in consolidation. R.H. Development Company, Inc. was incorporated in the State of Texas in 1997. R.H. Development/Park West CC, Inc., was incorporated in the State of Texas in 1999.

In August 2001, R.H. Development Company, Inc. and R.H. Development/Park West CC, Inc. were converted to limited partnerships. The net assets of these subsidiaries were distributed and contributed to the new partnerships. The new partnerships are controlled by the majority partner of Hammonds Homes, Ltd.

The 2001 financial statements of the company include the activity of its subsidiaries for the eight months through August 31, 2001. At December 31, 2001 the balance sheet of the company does not include any of the accounts of its former subsidiaries.

Organization — Hammonds Homes, Inc., incorporated in Texas in 1987, was wholly-owned by a single stockholder. During 1999, Hammonds Homes, Inc., converted to a Texas limited partnership, Hammonds Homes, Ltd. Hammonds Homes Ltd., continues to be engaged in the construction and sale of single family homes in Houston, Dallas, and Austin, Texas.

Critical Accounting Policies and Estimates — The preparation of the consolidated financial statements required management to make a number of estimates and assumptions that affect the reported amounts and disclosures in the consolidated financial statements. On an ongoing basis, management evaluates these estimates and assumptions based upon historical experience and various other factors and circumstances. Management believes that these estimates and assumptions are reasonable in the circumstances; however, actual results may differ from these estimates and assumptions under different future conditions.

The accounting policies that management deems most critical and involve the most difficult, subjective or complex judgments, include estimates of costs to complete individual developments, the ultimate recoverability (or impairment) of these costs, the likelihood of closing lots held under option or contract and the ability to estimate expenses and accruals, including legal and warranty reserves. Should management under or over estimate costs to complete individual projects, gross margins in a particular period could be misstated and the ultimate recoverability of costs related to a project from individual home sales may be uncertain. Furthermore, non-refundable deposits paid for land options or contracts may have no economic value to us if the land is not ultimately purchased. Finally, the inability to accurately estimate expenses or accruals could result in charges or income in the future results of operations related to activities or transactions in a preceding period.

HAMMONDS HOMES, LTD. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

NOTE A — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenue Recognition — Revenue from sales of houses is recognized at the time of closing, when sufficient down payment has been received, any financing has been arranged, title, possession, and other attributes of ownership have been transferred to the buyer, and the Company is not obligated to perform additional significant activities related to the sale.

Estimated future warranty costs are charged to cost of sales in the period when the revenues from related home closings are recognized. These estimated warranty costs are approximately \$500 per home.

Inventory — Real estate inventories include land acquisition costs, construction costs, and related indirect costs and expenditures. Interest on indebtedness and real estate taxes are capitalized until substantial completion of construction. Cost of sales is determined by lot with specific identification of land, direct construction and closing costs, and an allocation of indirect construction costs.

Property and Equipment — Property and equipment, consisting principally of model home furnishings, sales office fixtures, and computer equipment, are carried at cost and depreciated using the straight-line method over estimated useful lives ranging from two to five years.

Receivables From Title and Mortgage Companies — Receivables from title and mortgage companies consist of sales proceeds due from houses sold and closed but not yet funded.

Cash Equivalents — The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Use of Estimates — The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and contingent assets and liabilities at the balance sheet dates and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes to Consolidated Financial Statements

NOTE E — FEDERAL AND STATE INCOME TAXES

As a result, the Company is not generally subject to federal income taxes.

#### EXPLANATORY NOTE

The following unaudited pro forma financial statements are being amended and restated in their entirety to add the explanatory footnotes detailing the pro forma adjustments to the combined statements of earnings for the year ended December 31, 2001 and the interim period ended June 30, 2002.

#### UNAUDITED PRO FORMA COMBINED FINANCIAL STATEMENTS

The following unaudited pro forma combined financial statements give effect to the acquisition of certain homebuilding and related assets of Hammonds Homes, Ltd. and subsidiaries (Hammonds) and Crystal City Land & Cattle, Ltd. and subsidiaries (Crystal City) as if it was consummated as of June 30, 2002 with respect to the unaudited pro forma combined balance sheet and on January 1, 2001 with respect to the unaudited pro forma combined statements of income.

The unaudited pro forma combined financial statements reflect the purchase method of accounting for the Hammonds acquisition. The Hammonds acquisition will be accounted for as a purchase. Under the purchase method of accounting, the purchase price is allocated to assets acquired and liabilities assumed based on their estimated fair value at the time of the acquisition. Income of the combined company will not include income or loss of Hammonds prior to the effective date of the acquisition, which was July 1, 2002. The unaudited pro forma combined financial statements reflect preliminary adjustments made to combine Hammonds with Meritage using the purchase method of accounting. Final adjustments may be made and may differ from those reflected in the unaudited pro forma combined financial statements; however, we do not currently have reason to believe that they will materially differ from the purchase price allocation presented in these pro forma combined financial statements. The unaudited pro forma combined financial statements are based upon available information and assumptions that we believe are reasonable.

The unaudited pro forma combined financial statements are for informational purposes only and are not necessarily indicative of the results of our future operations or the actual results that would have been achieved had the Hammonds acquisition and related transactions been consummated during the periods indicated.
